IN THE CLAIMS:

The claims as currently presented and under consideration, are presented below for the Examiner's convenience and to comply with 37 CFR §1.121. This listing of claims will replace all prior versions, and listings, of claims in the application:

[Use the only one of the following seven status identifiers in parenthesis to designate the status of the claims: Original, Currently Amended, New, Previously Presented, Cancelled, Withdrawn or Not Entered.]

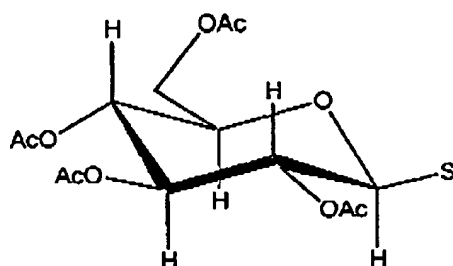

1-16 (Cancelled)

16. A glycodendrimer reagent composition having the structure:

wherein a, b, c, and d are individually the same or different and are independently selected from the group consisting of integers from 0 to 10, wherein $X = SR$ or R , and wherein R is a monosaccharide selected from the group consisting of galactose, glucose, mannose and lactose.

17. The composition of Claim 16, wherein said monosaccharide is galactose.
18. The composition of Claim 16, wherein said monosaccharide is glucose.
19. The composition of Claim 16, wherein said monosaccharide is mannose.
20. The composition of Claim 16, wherein X is
